

### Continuous Fence Branding

Shadenet 1.8m fence height for construction companies to make good use of their Shadenet and get excellent brand exposure at their construction sites printed with 10 logos (1.8m wide by corresponding height) per 50m roll. Stock green netting and other colours on request.

### Instant Event Fence Branding

Event printed shadenet branding 1.4m high with a dropper sleeve every 2m for quick and easy erection at golf, beach, park or other events. Every panel or every second panel printed with your logo (1.8m wide by corresponding height) depending on your budget.

### Temporary Standard Fence Panel Branding

Printed shadenet panels to fit standard temporary event and construction fencing (1.8m high x 3m wide) easily secured with cables ties for good brand exposure at construction sites and sports and other events with your logo (1.8m wide by corresponding height).

### Vertical Scaffolding Panel Branding

Printed shadenet vertical scaffolding drapes for construction and event scaffolding wrap (2m wide by whatever height) printed with your logo (1.8m wide by corresponding height) for excellent brand exposure visible from a distance and easy to fix with cable ties.

### Printed Shadeport Branding

Make good use of your shadeports for improving your image and brand awareness at your corporate car parks with new or existing shadeports. Shadeport tops can be branded with your logo (1.8m wide by corresponding height).

### Tower Wrap Branding

Printed panels for wrapping scaffolding towers at events and construction sites.

### Shadenet Manufactured to Your Own Colour and Height with Eyelets

If you are ordering shadenet already, it comes in 3m widths so you are probably wasting a metre of it and did you know we can manufacture it to your own corporate colour and we can make it to a specific height for you with sewn eyelets so you can easily fix it to your fencing around your site(s)
